The Tech

VOL. XXV. No. 73. BOSTON, MASS., MONDAY, APRIL 16, 1906 PRICE THREE CENTS.

PRESENTS MEDALS.

Pres. Pritchett Attends Senior Night at Kommers and Gives Cabot Medals.

Senior Night at the Kommers drew out one of the largest crowds that have attended the Saturday evening dinners at the Union. Pres. Pritchett was present and gave a talk on the Cabot Medals. He was forced to depart early, so Dean Merrill took his place in presenting the Medals to the men who have already won them. The other speakers were Major Briggs, John Mahan, and W. C. Towne. M. A. Coe, '06, was toastmaster.

An excellent program, arranged by George Henderson, '06, chairman of the committee in charge, was then rendered by Seniors, as follows: Sleight of Hand, Mann; Musical Specialties; C. F. Willis; Vocal Solo, H. H. Cook; Piano Solo, R. P. Raynolds; Violin Duet, J. G. Barry and J. C. Kinnear; Vocal Solo, G. M. Henderson.

The chef of the Union, Mr. Maciver, had personally decorated the Union with potted plants, and had put tablecloths on the tables. He was given a hearty Tech cheer.

A big marble clock, presented by the class of 1906 to the Union, has been hung in a conspicuous place, and adds greatly to the appearance of the room.

The men given medals are as follows: 1901, W. A. Kemper, H. B. Pulsifer, B. D. Solomon, G. D. Wilson; 1902, W. L. Adams, J. F. Ancona, G. H. Clapp, W. C. Phalin, J. B. Whitmore; 1903, L. T. Buell, G. R. Kaiser, R. G. Kennedy, W. N. Munroe, E. F. Parker, Jr.; 1904, J. C. Damon, F. P. Poole, J. P. Stow, Jr.; 1905, A. E. Hartwell, A. T. Heywood, A. H. Keleher, C. B. Mayer, and H. G. Pastoriza.

CIVIC CLUB MEETS.

The Civic Club held a meeting at 8 P.M. in 16 Rogers. The secretary read a letter, which he had received from the President of the Yale City Government Club, who is also President of the League of Intercollegiate Civic Clubs. In his letter the President expressed the satisfaction the league felt at the decision of the Technology organization to join their ranks. He also expressed the wish that the Civic Club of Technology should see what could be done toward starting branches in the colleges in the neighborhood of Boston.

It was decided that Boston University and Tufts College be invited to form clubs, the same to be members of the Intercollegiate League.

The remainder of the meeting was taken up in discussing the smoker, which will be held later in the term. The debate, which was, "Resolved, that Municipal Ownership is both Possible and Advisable in These United States was postponed until the next meeting.

TECH WINS TWICE.

The Freshmen Defeat Tufts and Sophs Win Game from Waltham High.

The Freshman Baseball team won a one-sided but interesting game from the Tufts Dental '08 team Saturday, at the Tech Field, 10 to 3. The Freshmen showed up very well, and if they keep the pace will have a fine team. The work of the whole team was consistent and practise will round it into shape.

HAVE SUCCESSFUL MEET.

The Gymnastic Team Draws Large Crowd to Second Annual Meet.

The second annual exhibition of the Technology Gymnastic Team was held last Friday night in the Gym, under the direction of Mr. W. C. Towne. There were two teams, which took turns in competing in the twelve events. The best all-round work was done by Capt. Griffin, '06, Lourie, '06, and Smith, '06, all of whom excelled in their work on the flying rings, horizontal bar, and parallel bars. The first event was an exhibition on the long horse by Griffin, '06, Byron, '08, Haywood, '06, and Brown, '08. The second team then did some work on the horizontal ladder, and the first and second teams combined did some difficult stunts on the high horizontal bar, some of which were very original. This was followed by far the prettiest event of the evening, an exhibition of club swinging by Smith, '06; he showed great skill, the result of much practice. Two or three new exercises which he exhibited for the first time were especially clever.

Teams 1 and 2 alternated on the next three events, the buck, flying rings, and high dive. Lourie and Smith did the most difficult tricks on the flying rings, and Pearse, '09, showed up well, Tylee, '07, reached the best mark in the high dive, getting over 6 feet, and Byron did about 5 feet 10 inches. The next event was a very exciting handball match between Tylee, '07, and Lichtenstein, '06; the game was close and hotly contested, but was finally won by Tylee, owing to his greater reach.

After some work on the parallel bars, which included some stunts by Smith, there was a three-round boxing match between Donovan, '06, and Schneider, '08. Donavan seemed to be rather better at the game than his opponent, and there was much applause at the end of the last round. Team 1 gave exhibitions in tumbling and pyramids; and then the last event of the evening was a hand balance walk by six men, which caused a great deal of amusement. The teams were made up as follows:

Team 1, P. K. Griffin, '06, (Capt.) F. H. Bentley, '06, W. T. Lourie, '06, L. O. Smith, '06, M. J. Gibbons, '06, F. H. Kales, '06, B. K. Sharp, '07, A. K. Tylee, '07, C. L. Brown, '08, W. H. Byron, '08, C. L. Belden, '08, C. S. Pearse, '09.

Team 2, A. T. Hayward, '06, N. P. Gerhard, '06, E. T. Henius, '06, P. F. Mann, '06, T. Jaggar, '07, P. P. Greenwood, '07, J. P. Tobin, '08, H. W. Gerhard, '08.

A number of Columbia students last Thursday formed the "Fonetic Spelling Association of Kolumbia University," binding themselves to adopt the principles of the reformed method of orthography.

CALENDAR.

MONDAY, APRIL 16.

4.00 P.M. Tech Show Chorus Rehearsal at the Tech Union.
4.00 P.M. Banjo Club Rehearsal in 33 Rogers.
4.00 P.M. Mandolin Club Rehearsal in 31 Rogers.
4.15 P.M. Tech Board Meeting in the Trophy Room, Rogers.
4.15 P.M. C. E. Society Meet in 11 Eng. B.
4.30 P.M. Mining Engineering Society Meeting in 2 Rogers.
6.30 P.M. Newton High Club Dinner at Union.

TUESDAY, APRIL 17.

1.00 P.M. 1909 Football Team Meets in Huntington Hall.
2.00 P.M. E. E. Society leaves Rogers Steps for Lynn.

FACULTY NOTICE.

Municipal Government.—The class will meet in 20 Engineering B, tomorrow.

NOTICES.

Kommers.—It has been decided to hold the regular Saturday Kommers on the evenings of May 5 and 12. On May 12 Mr. John Z. White of Chicago will speak on the subject, "The Single Tax."

Mining Eng. Society.—There will be a meeting of the Mining Engineering Society this afternoon, at 4.30 sharp, in 2 Rogers. Professor Charles H. Warren will speak on "Mineralogical Work on Black Sands."

Electrical Engineering Society.—The Electrical Engineering Society will make a trip to the Lynn General Electric Co's works tomorrow. The party will leave Rogers steps at 2 P.M. sharp. All Course VI men are invited.

Prom Dance Orders.—For those who have already paid their subscriptions, the second window of the Cage will be open Tuesday and Friday 12—2, Wednesday 10—2, and Saturday 9—10, for distribution of dance orders, invitations, etc.

Sixty alumni of Williams College attended the annual alumni dinner in Boston. General C. W. Bartlett, a Dartmouth alumnus, argued that the small college was the best college and expressed regret that Dartmouth was gradually becoming so large.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

Monday, April 16, 1906.

The Kommers.

The announcement that the regular Saturday evening Kommers will be held on the evenings of May 5 and 12 is certainly pleasing to the undergraduate body. The unprecedented popularity of the Kommers has demonstrated that they have filled a very large place in developing and broadening undergraduate life at Technology. That they should be continued as long as possible seems most desirable and possibly at the last Kommers of the year some plan for their maintenance next year may be suggested and adopted. It would seem advisable to have them entirely in charge of an undergraduate committee and so relieve Mr. Rand of the duties which he has willingly assumed.

The Spring Meet.

A week's work of preliminary training at Technology Field has developed a large number of very promising men. With the Spring Meet less than a week off considerable yet remains to be done before the team will be in shape. Men are wanted in the hurdles, broad jump, and the weight events. There is also an unusual opportunity for the novice to score points for his class in the distance runs as there are comparatively few entries and four places count. Judging from the Fall Meet and the winter indoor meets, the prospects for a successful Spring Meet are very encouraging. There are always a large number of capable men who, when urged to come out and practice, plead too much work. Of course a number of men do not have the time, but as a general thing too much work means only too little interest. We hope therefore that every man will turn out for practice.

THESES IN COURSE XIII.

S. L. Ware, "Tests on Bearing Metals."

AT THE THEATRES.

Majestic Theatre.

The next two weeks will afford New England playgoers the last opportunities of witnessing that most dalightful musical play "The Earl and the Girl" which has been welcoming its many friends since its return to the Majestic Theatre. There were many popular numbers included in this bright play while here last and these have all been retained in addition to which there are several interpolations which have proven equally popular. The engagement at the Majestic Theatre is limited to two more weeks and there will, as usual, be Wednesday and Saturday matinees.

Tremont Theatre.

The appearance of both James K. Hackett and Mary Mannering in "The Walls of Jericho," a play of much more than ordinary merit and interest, has formed an attraction which has made a complete conquest of this week's audience at the Tremont Theatre. Mr. Hackett and Miss Mannering have several times appeared in Boston as separate stars but it has been years since they have played together. "The Walls of Jericho" is a drama about which a great deal has been heard and written, and it may at once be said that it has not been over-praised.

Castle Square Theatre.

For the fourth time this season, lovers of Shakespeare will again have the opportunity to witness a great production of one of the great poet's dramas at the Castle Square Theatre. The play selected is "Romeo and Juliet," and it will bring to a triumphant close the present season of Shakesperian productions at the Castle Square. Following the same lines as the previous revivals it will be staged with exceptional scenic splendor.

PROF SWAIN READS.

Professor Swain held his usual reading last Friday afternoon at 4.15, in 6 Lowell. He chose for his subject a selection from Seneca's Morals entitled, "Oh Happy Life."

Professor Swain pointed out that the philosophical teachings of Seneca are as true today as they were in Seneca's time. He thought that of the best books the Bible and Seneca's Morals were the two best, and that Shakespeare's works were next.

The Architectural Society held its annual election of officers Friday afternoon with the following results: President, F. A. Naramore, '06; Vice-President, S. A. Marx, '07; Secretary, S. R. T. Very, '07; Treasurer, K. Vonnegut, '08; Executive Committee, C. F. Baker, '06; F. H. Kales, '06 and E. F. Lewis, '07.

ELEVATOR

Gentlemen:

Lighter weight overcoats are now in order, and most of us thoroughly appreciate the ease and comfort of the change from the clumsy winter coat to the more graceful and easier handled light weight.

Fashion has decreed that soft grays with more length than formerly, and fashioned more to the body, are to be the thing.

There's good reason for the change; the new lengths will cover the longer sack suit, the cutaway, or the frock coat.

Scots & Company, having anticipated the demand from good dressers for something distinctive in light weight top coats, are prepared to show models and fabrics which are beyond criticism.

Prices $25 to $45

SPEAKS ON THE BISON.

Mr. Ernest Harold Baynes, Secretary of the American Bison Society, addressed the Society of Arts in 22 Walker, Thursday evening, on "The Bison; Our Grandest American Animal." Mr. Baynes told how the wholesale slaughter of this valuable animal reduced it from many millions to its present pitiful number. There are men living today who have killed 10,000 buffaloes.

There are several farms that have small herds of bison. These are, however, all for sale, and, unless something radical is done, there will be no bison on the face of the earth in a few years.

FRESHMEN TO FENCE.

The Freshman Fencing Team comprisirg H. Lofting, Capt.; E. Chinchilla, and F. Lange, will fence with Springfield High School fencing team, Friday, April 20, at Springfield.
